### *About Abundantia's Blessings Self-attunement*

The energies of this self attunement help to connect you with the energies of Abundantia, the Roman Goddess of abundance and prosperity and bring her blessings to you.

Abundantia was often depicted with a cornucopia in her arms, the contents of which she lavishly gifted to mortals to help them through difficult times. Sometimes the cornucopia is seen filled with grains and fruits, at other times with gold coins. The cornucopia is symbolic of the unlimited abundance of the Universe, the never-ending supply of abundance, good fortune and luck that is available to us.

Abundantia was renowned for her patience, generosity and kindness, she is always depicted as a beautiful woman, whose beauty lay inside and out.

Abundantia's role was to help mortals in all financial matters, not only would she bring abundance to those who asked, but she would also help and advise in matters of investments, purchases, savings and wealth and help protect people's prosperity.

Abundantia would also help remove worry and concerns people had regarding money, in so doing she removed negative thoughts and fears and abundance flowed more freely to people without these negative blocks to hinder it.

### *Invocation to Abundantia*

The following invocation is often used when petitioning the help and energies of Abundantia....

"Beautiful Abundantia, I desire to be like you—carefree and filled with faith that my supply is already met in all ways. Help me replace any money worries with joy and gratitude. Help me open my arms so that Heaven may easily help me. Thank you for all of your guidance, gifts, and protection. I'm truly grateful, and I'm abundantly joyful and fulfilled. I let go, and relax in the sure knowledge that I'm completely taken care of, immediately and in the future."
